1. (SBU) Post received confirmation from Brazil's Civil Aviation Regulation Agency (ANAC), per action request in reftel B, to hold a formal final discussion with the FAA on October 28-29 to review the noted safety oversight deficiencies and any corrective measures the GoB has taken since the IASA assessment in May 2009. In a letter dated September 2, 2009 from ANAC's President Dr. Solange Paiva Vieira to FAA's Director of Flight Standard Service John Allen, ANAC confirmed that the meeting would take place at ANAC's offices in Rio de Janeiro. Vieira reiterated ANAC's commitment to taking necessary corrective action in addressing the IASA findings. Post expects to receive a diplomatic note from Brazil's Ministry of Foreign Relations confirming ANAC's letter.
